URGENT DRUG RECALL

Dear Valued Customer:

H&P Industries Inc is recalling all lots of Povidone Iodine Swabsticks, Povidone Iodine Prep Solutions, Povidone Iodine Scrub Solutions, and Povidone Iodine Prep Gel. H&P Industries manufactured these Povidone Iodine products without having in place a system for microbial testing at the time of release, without having a system for testing of incoming components, and without having procedures designed and established to prevent objectionable microorganisms in these drug products. Although H&P Industries investigation and extensive testing **did not** find contamination, and the products met H&P Industries finished goods specifications, H&P Industries, Inc. is voluntarily recalling all Povidone Iodine Products at the request of FDA.

Povidone Iodine Swabsticks, Povidone Iodine Prep Solutions, Povidone Iodine Scrub Solutions, and Povidone Iodine Prep Gel are labeled as an antiseptic for preparation of the skin prior to surgery, and are used to prevent infection in minor cuts, scrapes and burns. The Povidone Iodine Scrub Solution is labeled also for use as a surgical hand scrub for health care professionals. Patients undergoing medical and surgical procedures, including those who are immunocompromised, have a high risk of infection from antiseptic surgical preparations that have been prepared, packaged, or held under insanitary conditions whereby they may have been rendered injurious to health. H&P industries, Inc. has **not ever** received reports of adverse events or contamination attributed to these Povidone Iodine products.

Affected lots for the Povidone Iodine Swabsticks, Povidone Iodine Prep Solutions, Povidone Iodine Scrub Solutions and Povidone Iodine Prep Gel are as follows: All Lots Beginning with: **8J-8M, 9A-9M, 0A-0M, 1A-1C.**
